Chairman's Message

My thanks to Dennis Chambers, who came to our meeting in March with his talk on 'Pluckley Most Haunted Village in England'. I have always had a very open mind regarding things that occur with no apparent explanation and the possibility of there being unknown forces being responsible. I am sure many of us have experienced the chilling feeling of there being something or someone in the room with us without anyone actually being there. Our meeting on the Monday 10th April is our 5th AGM, not our 4th as stated in my last newsletter, It is no wonder I was confused as the last five years since our starting the society in 2012 have sped by and although we have achieved quite a lot we have only scratched the surface so far as recording the history of our village is concerned. We have lots of ideas and projects for the future but really need more help and funding to be able to achieve many of these. We hope you will continue supporting the society over the next 12 months in our endeavors and particularly with our project to improve the access paths in the War Memorial Gardens. We already have a number of pledges of support but will need to have several fund raising events if we are to succeed in raising the money needed to get the works done before the end of the Centenary of WW1 in 2018. I hope to see you all on Monday evening.
